asana

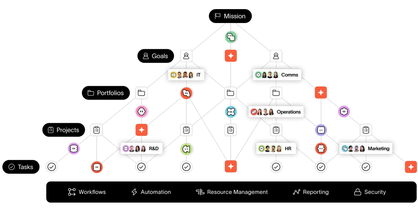

Company Mission

Help humanity thrive by enabling the world's teams to work together effortlessly

Our platform

Asana is the operating system for human-agent teams. Built on 18 years of foundational architecture, the enterprise Work Graph®, multiplayer collaboration, shared memory, and governance, it is exactly what the agentic era requires: a place where humans and agents run critical workflows together, on the same plan, toward the same goals — unlocking enterprise productivity.

HELPING GLOBAL ORGANIZATIONS THRIVE

The business value of Asana

214%
1-year ROI

According to IDC, Asana helps organizations collaborate, automate work, and better focus on priorities – resulting in 57% more projects being delivered on time. With a 33% faster completion of digital transformation initiatives, Asana has the power to accelerate business growth by helping organizations in every industry work smarter.

IDC White Paper, sponsored by Asana, The Business Value of the Asana Platform, Doc. #US56064223, May 2023
